# The Smart Alternative

If you're in our business in the Springs, you have to have a presence in the *Indy* - no question. Teri not only makes sure my ad is in the right place at the the right time, she keeps me connected with what's going on in the community, makes me aware of my opportunities - she's sharp, she's on it, she's my resource. And she has been for the past 14 years.
